

# Assignment 1 - Create a Custom App [Indeed.com](#)

Step 1: Log in to the Org

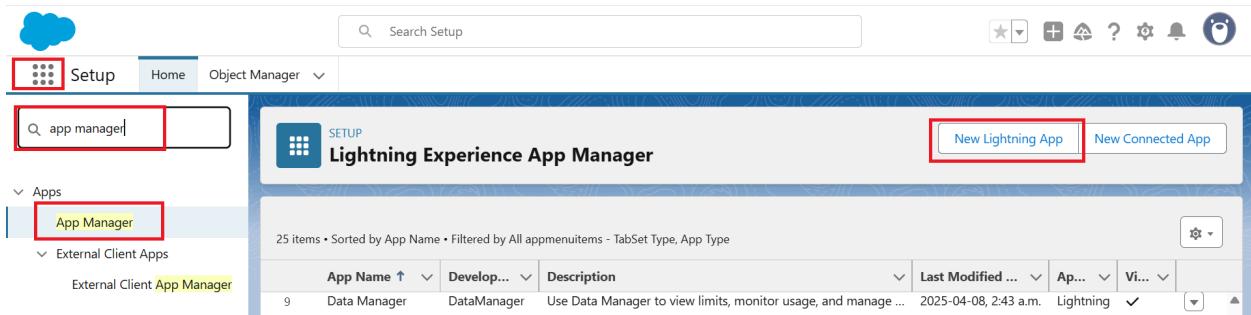

The image shows the Salesforce login page. A red box highlights the 'Username' field, which contains a blacked-out email address. Another red box highlights the 'Password' field, also containing a blacked-out password. A third red box highlights the 'Log In' button. To the right of the login form is a blue banner with white text: 'Use Data Cloud to take action on all your data, right in your CRM.' Below this, smaller text reads: 'Unlock trapped data to create a 360-degree view of the customer that teams can use to make smarter decisions, power automation, and build trusted AI.' At the bottom of the banner are two buttons: 'Explore Data Cloud' and 'Learn on Trailhead'.

Step 2: Click on App Launcher (9 Dots)

Step 3: Find App Manager

Step 4: Select App Manager under the Apps section

Step 5: Select New Lightning App

The image shows the Salesforce App Manager interface. On the left, there's a sidebar with a search bar containing 'app manager'. A red box highlights the 'App Manager' link under the 'Apps' section. The main area is titled 'Lightning Experience App Manager'. It features a 'New Lightning App' button at the top right, which is highlighted with a red box. Below the title, it says '25 items • Sorted by App Name • Filtered by All appmenuitems - TabSet Type, App Type'. A table lists the apps, with one row shown in detail: 'Data Manager' (Developer Name: 'DataManager'), 'Use Data Manager to view limits, monitor usage, and manage ...', 'Last Modified ... 2025-04-08, 2:43 a.m.', 'Ap... Lightning', and 'Vi...'. There are also 'New Connected App' and a settings icon at the top right of the main area.

Step 6: Enter App Name ([Indeed.com](#)), Developer Name will be auto-populated

Step 7: Enter Description

Step 8: Upload App Logo under the Image section

Step 9: Click on the Next button

## New Lightning App

Give your Lightning app a name and description. Upload an image and choose the highlight color for its navigation bar.

App Details

\* App Name

Step 11: Click on the Next Button

Utility Items (Desktop Only)

Give your users quick access to productivity tools and add background utility items to your app.

Add Utility Item Utility Bar Alignment  Default

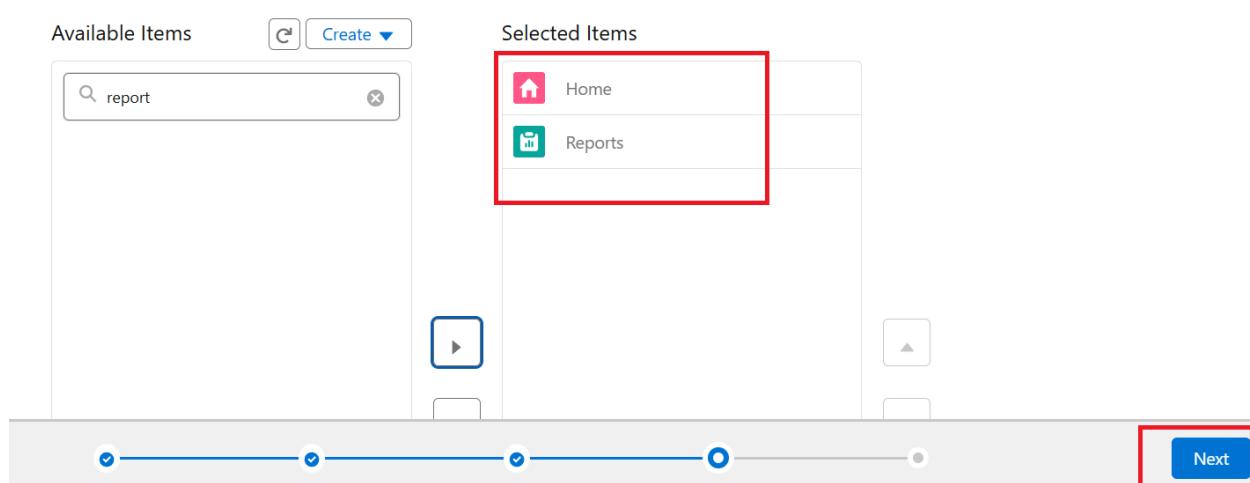

The utility bar is a fixed footer that opens components in docked panels. Available only when the app is viewed in Lightning Experience on a desktop.

Next

Step 12: Select Home and Reports Objects/Tabs/Buttons

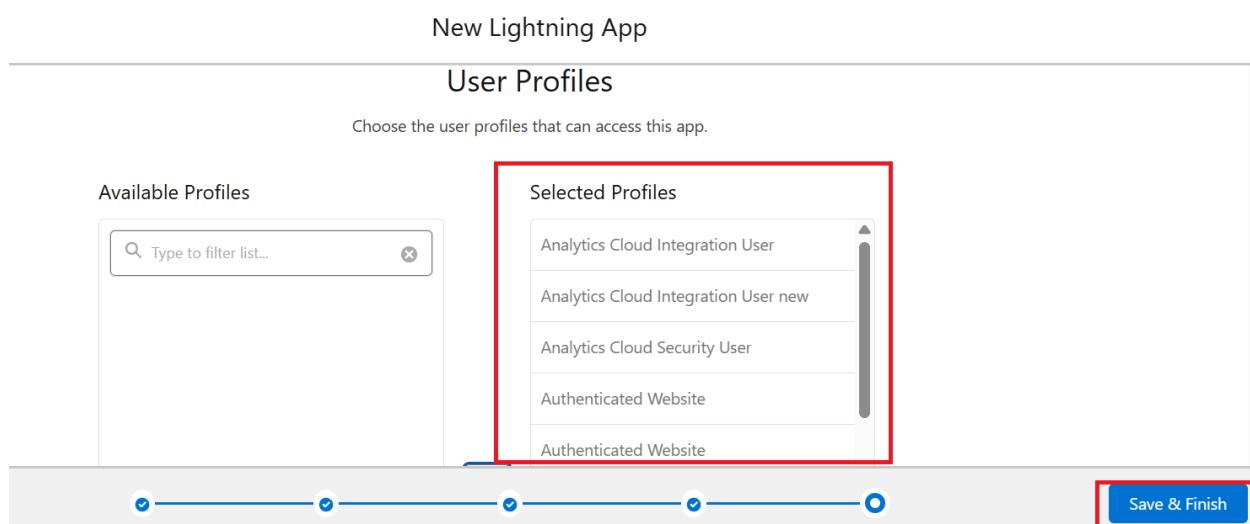

Step 13: Click on the Next

## New Lightning App

Step 14: Select all the Profiles from the Available profiles under the User profile section

Step 15: Click on the Save & Finish button

Custom App will be created

The screenshot shows the Salesforce Setup interface with the 'App Manager' tab selected. The search bar at the top contains 'app manager'. The main content area is titled 'Lightning Experience App Manager' and displays a list of 25 items. The table has columns for App Name, Development Status, Description, Last Modified, Type, and Visibility. Item number 11, 'Indeed.com', is highlighted with a red box. The 'Indeed.com' row shows the following details:

App Name	Development Status	Description	Last Modified	Type	Visibility
Content	Content	Salesforce CRM Content	2025-04-08, 2:43 a.m.	Classic	✓
